

# Tour To Cumberland Falls

Wednesday, June 6th, 2018

Total Miles: 87.7

Start tour at 8:30 or before!

Today's Route will lead you to Cumberland Fall State Park. There are no gas stations along this route!

You will need a full tank of gas and an empty bladder before leaving Somerset! As you know, we always try to run back roads, but today you will be on some main roads because there is no other option. Please be cautious of other drivers. The first part of the trip will take you through Burnside. This is the new town, the old town is at the bottom of the boat ramp. You can also see the tunnel which is old US-27, and now boats will sometimes drive through it. See if you can see the old road along the route. You will then go up a big hill and drive Model T roads with great scenery. As you arrive at Cumberland Falls, spend time at the falls and enjoy the restrooms, gift shop and trails to and under the falls. This is an easy place to explore and worth the stop. After the falls, you will go up the big hill to Dupont Lodge for lunch - NOT PRE PAID. Be sure to look around the lodge at the Model T pictures on the walls and the road you will be travelling. We will have a country ride back on some wonderful gravel roads to KY-192 (Rattlesnake Road) and scenic ride to Somerset. There is also an ice cream store along the route after Laurel Lake! Enjoy the scenery!
